F.5	EXERCISE OF OPTION.....	3

SECTION F - DELIVERIES OR PERFORMANCE

F.1 CLAUSES INCORPORATED BY REFERENCE

FAR 52.242-15 Stop Work Order (AUG 1989) – FFP CLINs
FAR 52.242-15 Stop Work Order (AUG 1989) Alternate I (APR 1984) – CR CLINs
FAR 52.242-17 Government Delay of Work (APR 1984)

F.2 PRINCIPAL PLACE OF PERFORMANCE

The principal places of performance shall be the Department of Energy Headquarters in the Washington, D.C. metropolitan area, the Environmental Management Consolidated Business Center in Cincinnati, Ohio, and Office of Environmental Management field sites.

F.3 PERIOD OF PERFORMANCE

- (a) The Contracting Officer will issue a Notice to Proceed (NTP) (which may be concurrent with or following contract award). The Contractor shall commence work upon the issuance of the NTP. The Contractor shall not be entitled for reimbursement of any costs prior to the date of the NTP.
- (b) The Period of Performance of this contract includes a base period of performance for the work specified in Section C, PWS, of 24 months. The base period of performance shall commence on TBD, and continue through TBD, unless terminated sooner as provided for in other clauses of this Contract.

The Contract includes three (3) 12-month option periods that may be exercised unilaterally provided that the Government gives the Contractor a preliminary written notice of its intent to extend the Contract at least 60 days before the Contract expires in accordance with FAR 52.217-9, Option to Extend the Term of the Contract. The preliminary notice does not commit the Government to execute any of the options.

- (c) The Period of Performance for each CLIN is as follows:

Transition Period (CLIN 00001): The transition period shall last for 45 days or less from the date of issuance of the Notice to Proceed (NTP).

*The first day of the transition period will be the date of the issuance of the NTP.

After completion of the transition activities contained in the approved transition plan and such other transition activities as may be authorized or directed by the CO, the Contractor shall notify the CO in writing that it is ready to assume full responsibility for the work specified in the Performance Work Statement. The Contractor shall

assume full responsibility for the work upon the contract effective date, also considered the first day after the current incumbent contract period of performance ends.

Base Period (CLINs 00002 – 00006 (less 00003)):

The base period of the Contract shall be for two years from the end of the transition period (24 months).

Phase Out and Closeout (CLIN 00003)

Phase Out and Closeout requirements of the Contract PWS shall occur prior to the end of the period of performance.

If the Option period(s) are not exercised, phase out and closeout requirements shall commence, as required in the PWS, and shall be completed no later than 24 months from contract effective date.

If the Option period(s) are exercised as outlined below, phase out and closeout requirements shall commence, as required in the PWS, and shall be completed no later than the following dates:

- Option Period 1 – phase out and closeout shall be completed no later than 36 months from contract effective date, unless Option Period 2 is exercised.
- Option Period 2 – phase out and closeout shall be completed no later than 48 months from contract effective date, unless Option Period 3 is exercised.
- Option Period 3 – phase out and closeout shall be completed no later than 60 months from contract effective date.

Option Period 1 (CLINs 00007 – 00010):

Option Period 1 of the Contract, if exercised, shall be one year (12 months), from the end of the base period.

Option Period 2 (CLINs 00011 – 00014):

Option Period 2 of the Contract, if exercised, shall be one year (12 months), from the end of Option Period 1.

Option Period 3 (CLINs 00015 – 00018):

Option Period 3 of the Contract, if exercised, shall be one year (12 months), from the end of Option Period 2.

- (d) None of the work, including the options, can extend beyond the five year contract period of performance end date.

F.4 DELIVERY SCHEDULE

Section J, Attachment J-2, *List of Deliverables* summarizes the specific products the Contractor shall submit to DOE, the type of action DOE will perform, and the date/timeframe within which the Contractor shall deliver the specified product. Section J, Attachment J-2, does not include all deliverables identified in the Contract, DOE directives, federal regulations, or regulatory documents.

NOTE: Attachment J-2 is a list of deliverables. If any deliverable required by any clause/directive of the Contract is not listed in Attachment J-2, this does not relieve the Contractor of the requirement to provide that deliverable. The Contractor shall be responsible for the compliance with all applicable standards, orders, and regulations under the contract.

F.5 EXERCISE OF OPTION

In accordance with Section I clause, FAR 52.217.9 “Option to Extend the Term of the Contract” (Mar 2000), the Department of Energy has included option CLINs to extend the term of this Contract. In order to demonstrate the value it places on quality performance, the DOE has provided a mechanism for continuing a contractual relationship with a successful Contractor that performs at a level which meets or exceeds quality performance expectations as communicated to the Contractor, in writing by the Contracting Officer or designated representative. When deciding whether to exercise the option(s), the Contracting Officer may consider: (1) the quality of the Contractor’s performance under this contract; (2) if sufficient funding is available; (3) whether the requirement covered by the option(s) fulfills an existing Government need; (4) whether the exercise of the option(s) is the most advantageous method of fulfilling the Government’s need, price and other factors considered. The option(s) will not be exercised if the Contractor has active exclusions listed in the System for Award Management (SAM).
